PRESS RELEASE

Vogt Valves, Inc Announce New International Distributor

Houston, TX – April 14, 2020 – Vogt Valves, Inc, the Stafford (TX) based operation announced today an exciting new partnership with **Federal Hardware Engineering Co Pte Ltd** to act as a Vogt Distributor for Singapore, Indonesia and Malaysia marketplace.

Federal International Group, along with its subsidiaries, serves clients in the oil and gas, energy and marine industries globally. Federal Hardware Engineering Co. Pte Ltd is a premier distributor and one of the largest stockist in the SE Asian Region.

Commenting on the agreement, Simone Brevi, President, Vogt Valves, Inc “we are delighted to be partnering with Federal Hardware who has a proven track record of excellent service to the SE Asian region. Our companies share a joint vision to provide excellent products and service to our customers.”

Koh Kian Kiong, Executive Chairman and Chief Executive Office, Federal Hardware adds “It gives me great pleasure to announce that Federal Hardware Engineering Co Pte Ltd has signed a Distribution Agreement with Vogt Valves, Inc. This appointment gives Federal Hardware Engineering Co Pte Ltd access to all Vogt Valves Products Including Forged Steel Gate, Globe, Checks, Y Pattern, Triple Offset Butterfly Valves, Dual Plate Check Valves, Trunnion Mounted Ball Valves, and Pressure Seal Valves.”

Vogt Valves Inc, a member of the OMB Valve Group which is headquartered in Cenate Sotto, Bergamo, Italy, is a diversified manufacturer of valves for the energy industries. Vogt Valves, Inc. is a family owned and operated group which has become a globally recognized manufacturer of forged steel valves for the oil and gas industry.

The group operates out of their facility in Stafford, Texas with additional manufacturing plants in Italy (OMB, Spa and Vogt Valves, Srl) and plants/offices in Singapore, Korea and Saudi Arabia with direct presence in Scotland, England, Japan, China and United Arab Emirates with its own subsidiaries and a distribution network which covers all the major oil producing countries.
